Cum Laude

JOURNALISM EXPERIENCE

Reporter at **Food Bank News** **June 2026 - October 2026**

- Reported on climate adaptation and tech innovations in food banking and national hunger relief operations. Clips include: *Food Banks Carve New Pathways To Solar Energy*, *New Tool Aims to Rescue Restaurant Food* and *With Mobile Solar Power, Food Banks Add Resiliency*.
- Conducted research and data analysis of food banks' online advocacy efforts for Food Bank News' 2026 "Advocacy Honor Roll," published in *SNAP Takes Center Stage In Online Advocacy Efforts*.

News Intern at **U.S. News and World Report** **February 2026 - May 2026**

- Wrote daily breaking stories and a Friday week-in-review column for the Decision Points daily newsletter, fact-checked data analyses, and created interactive data visualizations. Clips include: *New Report Shows Worse Urban Air Quality*, *The Hidden Environmental Cost of America's Data Center Boom*, and *Gas Prices Hit Highest Mark Since the Start of the Iran War*.

Journalist at **Craig Newmark Graduate School of Journalism** **August 2025 - Present**

- Journalist growing experience with environmental topics, urban accountability and investigative health stories, as well as Python data analyses, web scraping and interactive visualizations. Clips include: *As Summer Approaches, NYCHA Tenants in East Harlem Wait for Elevator Repairs*, *After COVID-19, South Brooklyn Pedestrians Face Riskier Roads* and *Where the Sidewalk Ends, A Plaza Grows in Brooklyn*.
- Using Svelte code to create interactive data visualizations and database explorers. Using Python to conduct in-depth data analyses, and scrape web pages. All of my projects are open source and available on my Github.
- Co-host of *15 Minute Story*, a weekly podcast to connect Newmark J-School students and chat about their journalism backgrounds. Requires fluent use of Avid ProTools.

Newsletter Editor at **LiLY (Lifeforce in Later Years)** **October 2023 – June 2026**

- Produced monthly newsletter "The Villager" for distribution among LiLY recipients in Morningside Heights and West Harlem.

Photo Editor at **Pipe Dream Newspaper** **August 2019 – May 2021**

- Managed and edited all photography published in Binghamton University's student-run newspaper Pipe Dream. Designed layouts for bi-weekly editions and special issues. Managed a team of photographers and two interns during my tenure.

SKILLS

Data Skills: Python for Analyses and Scraping (Pandas, GeoPandas, BeautifulSoup), Svelte for Visualizations (HTML, JS, CSS)

Fluent Research Tools: PACER, OpenData Webpages, Spokeo, Accurint, PubMed

Software/Platforms: Adobe Creative Cloud (Photoshop, Premiere Pro, Illustrator, InDesign), Avid ProTools, VS Code
